MENU SHOWN IS A SAMPLING

A best kept secret for years, definitely a treasure worth finding! Outside the boutique hotel Imperial Laguna, follow the garden pathway, over a bridge, down to the edge of Laguna Bojorquez. From here you will enjoy stunning views looking across the water toward the Hotel Zone. Presenting traditional French and Belgian specialties, the Pot of Mussels Mariniere is a classic. You'll be glad you discovered this gem - wonderfully tranquil, cozy and good value.
